Evidence Checklist - Activity 7

Participation and Partnership Recovery Plan

[ ] Public facts are cited and separated from training assumptions.

[ ] Every scenario question is answered with evidence or a stated limitation.

[ ] The detailed procedure was followed and each checkpoint is recorded.

[ ] Owners, decision rights, dates and review triggers are explicit where applicable.

[ ] Acceptance test met: The plan diagnoses funnel loss by group, addresses at least three root-cause categories, avoids coercive incentives, sets vendor quality/privacy standards and defines a measurable experiment with owner and stop rule.

[ ] The final recommendation states residual risk and the next validation action.
